Stephen Magill, aka “Spike.”

I have been a patroller for 17 years: 10 years at Smuggler’s Notch and 5 years at Mad River Glen, where I currently patrol. I also spent two years on the patrol at Huff Hills in North Dakota. I am an OEC instructor and I am working on becoming an S&T instructor. As Section Chief, I represent the patrollers from the Southern section of our region at the annual meeting in Albany, as well as at the biannual regional meetings. When I was a member of Northern Division, I participated in their Senior Program. This gave me some perspective on how things are done in other divisions of NSP. While I believe that Eastern Division is a great organization, providing educational programs and support to patrols and patrollers, I also believe that there is room for improvement in communication and recruiting, and I believe that it is okay for the division to explore new ways of doing the same old things. Please support me in my bid to be Section Chief for another two-year term.
